

This is a digital copy of a book that was preserved for generations on library shelves before it was carefully scanned by Google as part of a project to make the world's books discoverable online.

It has survived long enough for the copyright to expire and the book to enter the public domain. A public domain book is one that was never subject to copyright or whose legal copyright term has expired. Whether a book is in the public domain may vary country to country. Public domain books are our gateways to the past, representing a wealth of history, culture and knowledge that's often difficult to discover.

Marks, notations and other marginalia present in the original volume will appear in this file - a reminder of this book's long journey from the publisher to a library and finally to you.

Usage guidelines

Google is proud to partner with libraries to digitize public domain materials and make them widely accessible. Public domain books belong to the public and we are merely their custodians. Nevertheless, this work is expensive, so in order to keep providing this resource, we have taken steps to prevent abuse by commercial parties, including placing technical restrictions on automated querying.

We also ask that you:

- + *Make non-commercial use of the files* We designed Google Book Search for use by individuals, and we request that you use these files for personal, non-commercial purposes.
- + *Refrain from automated querying* Do not send automated queries of any sort to Google's system: If you are conducting research on machine translation, optical character recognition or other areas where access to a large amount of text is helpful, please contact us. We encourage the use of public domain materials for these purposes and may be able to help.
- + *Maintain attribution* The Google "watermark" you see on each file is essential for informing people about this project and helping them find additional materials through Google Book Search. Please do not remove it.
- + *Keep it legal* Whatever your use, remember that you are responsible for ensuring that what you are doing is legal. Do not assume that just because we believe a book is in the public domain for users in the United States, that the work is also in the public domain for users in other countries. Whether a book is still in copyright varies from country to country, and we can't offer guidance on whether any specific use of any specific book is allowed. Please do not assume that a book's appearance in Google Book Search means it can be used in any manner anywhere in the world. Copyright infringement liability can be quite severe.

THE MANUSCRIPTS.

The whole number of MSS. in this Library is four hundred and seventy-nine, and may be classed as follows:

1. Sir Matthew Hale.
2. John Maynard, Esq.
3. John Coxe, Esq.
4. Serjeant Hill.
5. Miscellaneous, being the Gift of various Benefactors.

1. Sir Matthew Hale's Collection, consisting of 121 volumes, was bequeathed to the Society of Lincoln's Inn, by the learned Chief Justice in the year 1676. A printed catalogue of this collection and of the other MSS. as they were in this library before 1697, will be found in the *Catalogus Librorum Manuscriptorum Angliae et Hiberniae*, compiled by PHILIP STUBBS, from No. 5576 to 5767; but thirty-one of the volumes are now missing. In p. 378 of the Report from the Select Committee appointed to inquire into the State of the Public Records of the Kingdom, will be found a more detailed account of the Hale MSS. drawn up by the late Mr. Caley, Keeper of the Records in the Augmentation Office, together with the Clause from the Chief Justice Hale's Will, relating to them.

THE MANUSCRIPTS.

2. The MSS. of John Maynard, Esq. King's Serjeant in the reign of Charles the Second, and in the reign of William and Mary, one of the Commissioners for holding the Great Seal, consist of eighty-seven volumes, and were purchased by the Society, under an order of Council, 3rd of June, 1818.

3. The late Mr. Coxe's MSS. consist of ninety-four volumes, and were bequeathed, by him, with many printed books, to the Society, in the year 1785. John Coxe, Esq. was called to the Bar, at the Middle Temple, in the year 1736; admitted, ad eundem, at Lincoln's Inn, July, 1742, invited to the Bench in Trinity Term, 1758, and died on the 14th of April, 1785.

4. The MSS. of the late Serjeant Hill, amounting to 125 volumes, were purchased, by the Society, from the Executors of the late Serjeant, with several printed books, under an order of Council, 6th of July, 1808.

5. The collection of MSS. classed under the head of Miscellaneous, amounting to fifty-two volumes, have been presented and bequeathed to the Society at different times, between the first establishment of the Society and the present day. Many of these are of great antiquity; and such as were in the library before or in the year 1697, are mentioned in the Catalogus Manuscriptorum above referred to. Sir Matthew Hale, in his History of the Common Law, c. 8, p. 198, Serjeant Rutherford's Edn. 1820, speaking of the years and terms of King Edward the Second's reign, says "The best copy of these Reports that I know, now extant, is that in Lincoln's Inn Library, which gives a specimen of the learning of the pleaders and judges of the time."

THE MANUSCRIPTS.

It has been deemed unnecessary to give a more detailed account, as a Catalogue raisonnée of the entire collection has lately been prepared under the direction of the Commissioners on Public Records, and will shortly be published with an account of the MSS. in some other libraries, by that eminent antiquarian, the Rev. JOSEPH HUNTER, one of the sub-commissioners, and editor of the following works, published by the board,—viz. The Great Roll of the Pipe for 31 Henry I., heretofore regarded as the Roll of the fifth of Stephen, 1833; Rotuli Selecti ad Res Anglicas et Hibernicas Spectantes, 1834; and Fines, Vol. I. 1835.

27th May, 1835.
